GLOBAL HEALTH FILM SCREENING

FILM, PANEL DISCUSSION

“IN THE SHADOW OF EBOLA”

Presented in conjunction with the Midwest Universities for Global Health Conference.
Free and open to the public. **Registration is required by Aug. 30 at go.wisc.edu/m6n8t1**

*UW Professor **Gregg Mitman** produced this intimate documentary of how a Liberian family and the nation were torn apart by the Ebola outbreak that began in 2014. Mitman is joined by panelists **Linda Vakunta**, executive director of Project 1808 in Sierra Leone and deputy mayor of Madison, **Peter Halfmann**, a UW Ebola research scientist with experience in Sierra Leone, and **Janis Tupesis**, a UW emergency physician who has worked in Liberia. They will explore parallels between the Liberian outbreak and the current Ebola emergency in the Democratic Republic of Congo. A reception follows the panel.*
