

badger support network

What is BSN?

Badger Support Network empowers UW-Madison students to create an inclusive community and support each other's identity, mental well-being, and day-to-day lives through peer-facilitated weekly groups and bi-weekly community events.

What are weekly meetings?

Led by trained students to address and promote students' emotional and mental well-being in an accessible, confidential and inclusive environment.

Who joins BSN?

Anyone! If you are eager to make new connections, have meaningful conversations, or meet new people on campus, BSN is right for you.

How do I get involved?

How has COVID affected BSN?

Although student orgs will look very different on campus this semester, BSN hopes to give every student the opportunity to continue making meaningful connections and see familiar faces via Zoom-- we are eager to connect now more than ever. **#alonetgether**
