

Express Credit Check-up

Designed for Your Financial Success

Gain a better understanding of your finances with an Express Credit Check-up.

During this confidential, no-cost, 30-minute appointment, you meet one-on-one with a UW Credit Union financial specialist to review your credit report. The Express Credit Check-up is tailored specifically to your needs – from understanding your credit score to exploring opportunities to save money.

Our financial experts can help you:

- › Learn how to improve and maintain a good credit score
- › Find ways to save time and money
- › Build confidence in your finances

Who is UW Credit Union?

UW Credit Union is a not-for-profit financial institution. We offer similar products to banks, but we're different because we're not-for-profit. That means we work for our members and pass savings on through fair interest rates and low fees, and we give back to the communities we serve through efforts that support financial literacy, the campus community and quality of life.

How Can I Sign Up?

Register for the next Express Credit Check-up event that your employer hosts. There is no pressure or obligation to become a UW Credit Union member.

Should I Prep for My Check-up?

Here's what you can do to prepare for your Express Credit Check-up:

- › Have an ID, such as a driver's license, state issued ID or passport, near you for your appointment.
- › Make sure to have a webcam/camera and microphone available for your virtual appointment.
- › Decide if you'd like us to retrieve your credit score. This is highly recommended because it helps provide the best overall view of your finances.
- › If you'd like us to retrieve your credit score, make sure to unfreeze your credit through TransUnion if you have it frozen.
- › Brainstorm any questions you have about your finances, credit score, etc.
