 - Educational or Leadership Projects
- **The application deadline is Tuesday, January 31, 2023.**
- Submit online applications by clicking here: [2023 Poster Fair Application Submission Form](#)
- An online application must be submitted for your work to be considered for the Nursing Poster Fair.
- Please note:
 - Once you begin the application process there is **not** an option to save. Please be prepared to complete the entire form once you begin the process.
- Please follow the required submission criteria for each category; include headers in your submission:

Poster Fair Application Submission Category	Definition	Summarize the content of your poster in 2-3 sentences. Consider the following:
Research Studies	"Research is systematic inquiry that uses disciplined methods to answer questions or solve problems. The ultimate goal of research is to develop, refine, and expand a body of knowledge." (Polit & Beck, 2008, pg. 3)	<ul style="list-style-type: none"> • What was the question or problem you addressed? • What did you do? • What insights did you gain?

EBP Projects	“Evidence-based practice is a problem-solving approach to the delivery of health care that integrates the best evidence from studies and patient care data with clinician expertise and patient preferences and values” (Melnyk, Fineout-Overholt, Stillwell, & Williamson, 2009, p. 49).	<ul style="list-style-type: none"> • What was the question or problem you addressed? • What did you do? • What insights did you gain?
Quality Improvement Activities	“Quality improvement is a process by which individuals work together to improve systems and processes with the intention to improve outcomes. [It is] a data driven systematic approach to improving care locally” (Newhouse, 2007, pg. 433).	<ul style="list-style-type: none"> • What was the question or problem you addressed? • What did you do? • What insights did you gain?
Educational or Leadership Projects	The “catch all” category that encourages all nurses to submit their great work!	<ul style="list-style-type: none"> • What was the question or problem you addressed? • What did you do? • What insights did you gain?
