UNIVERSITY OF WISCONSIN-MADISON

## Faculty, Staff, Students—You're Invited! SoN Mural Concept Reveal and Community Lunch Hour

Monday, December 4<sup>th</sup> from 12-1:00 p.m. in Enroth or Room 1321  
Ian's Pizza, (including salad) will be provided.

### SoN Mural Concept Reveal and Community Lunch Hour

Artist/muralist Tia Richardson will share her mural design with the School. Attendees will be invited to reflect on the mural as a piece of art. This will build excitement not only for the finished product but for the next step: community painting. Come enjoy pizza, salad, and an opportunity to hear about the concept and purpose of the SoN's community mural.

### What will be next in the mural creation? Community Painting

In January, we will add the first—and then multiple—layers of paint on the mural. Drop-in painting sessions will be held on January 23<sup>rd</sup>, 24<sup>th</sup>, and 25<sup>th</sup>. This is when the sense of community behind the mural will come to life. All are welcome!

Using a “paint-by-numbers” format that removes the need for artistry from participants, painters will create *many layers by many people*. These many layers add depth to the finished product. The piece of community art will be transitioned to the professional finished product by the artist. *This is how the mural will reflect the authentic beauty of many hands as well as the aesthetic beauty of professional artwork.*

**RSVP [here](#) by November 22<sup>nd</sup> or use the QR code.**
