This is a one-credit elective course offered through the School of Nursing in collaboration with the Midwest AIDS Training and Education Center-Wisconsin (MATEC-WI).

Through this unique learning opportunity, **open to medical (M1), nursing, social work, and pharmacy students (P1)**, participants will gain foundational knowledge and skills in interprofessional collaborative practice and HIV care.

WHAT YOU'LL LEARN:

- The history of the HIV epidemic and the impact of stigma and discrimination
- Current HIV epidemiology, including populations disproportionately impacted by HIV
- Principles of interprofessional practice and education
- Basic principles of HIV prevention, diagnosis, and treatment
- HIV care models and the role of interprofessional teams in HIV care

COURSE STRUCTURE:

- In-person/ Synchronous Class Meetings
 - 8 Mondays from 5:30pm – 8:00pm over the Spring semester: Jan 27, Feb 3, Feb 17, Mar 3, Mar 10, Mar 31, Apr 14, Apr 28
- Asynchronous Course Work
 - Completed during the weeks between in-person/synchronous class meetings
- Clinical Observation
