

Bachelor of Science in Nursing (BSN) Program
Parallel Plan Appointment Preparation Worksheet
Post-Admission Decision Notification

The University of Wisconsin—Madison School of Nursing aims to support our current and prospective students to the best of our ability and resources. This includes meeting with applicants who are not offered admission to our Bachelor of Science in Nursing (BSN) programs via Parallel Plan Appointments. The goal of the appointments is for the students to discuss their next steps to pursue their parallel plan. A parallel plan is an alternate route, which can lead you toward your educational and career goals. All prospective and pre-nursing students are advised to have a parallel plan because there are a limited number of seats in our BSN programs, and the number of applications exceeds the number of available seats.

Parallel Plan Appointments are replacing Reflection Appointments. The goals of both appointments are the same, however, application feedback will no longer be provided to students. Application feedback was eliminated to provide more support to students around moving forward, taking next steps, and to be consistent with the larger UW-Madison campus, where feedback is not provided.

How do I arrange a meeting?

Advisors/Coordinators will begin meeting with students who were not offered admission to the University of Wisconsin—Madison School of Nursing BSN program as availability allows. To schedule an appointment:

- **Current UW-Madison applicants** can make an appointment with their Pre-Nursing Advisor via [Starfish](#):
- **Off-campus applicants** can make an appointment by emailing admissions@nursing.wisc.edu or calling 608-263-5180

Meeting Date & Time: _____

How should I prepare for the meeting?

This worksheet must be completed in preparation for meeting with a School of Nursing advisor or coordinator. Bring a copy of this worksheet and be prepared to discuss it during the meeting.
